CHANGE MADE IN
DRAFT REGULATIONS

Men Needed in War Industries and Those Having Dependents Will Not Be Called Unless Situation Becomes Desperate.

Washington, Oct. 20.—A sweeping change in the machinery of the selective draft, based on division of the nine remaining registrants into five classes in order of their eligibility for military service, was announced today by Provost Marshal General Crowder. Details of the plan, which has been approved by President Wilson, are not disclosed. It is calculated, however, to do away with virtually all the complicated machinery of the first draft and to make the operations of the local boards hereafter little more than rubber stamp proceedings.

The plan was worked out at conferences with local and district board officials and approved by the various state authorities. Its chief features are that every registered man will know his exact position and be able to arrange his affairs accordingly and that no man deemed necessary in any important industry or needed at home to support his family will be called to the colors unless the military situation is desperate.

Detailed regulations to govern the new system are now being made ready for distribution to local and district board members. General Crowder, in a formal statement, assures them that they will be given ample opportunity to familiarize themselves with these regulations before the machinery provided is called into use. As the next call to the colors is to be made under the new plan, this assurance is taken to indicate that the second call is not to be expected before the first of the year, although no authoritative statement on this point was available tonight.

LOYAL BEREANS ENTERTAIN

The Loyal Bereans entertained the Loyal Men and Women of the Christian Bible school Friday evening in a vacant house recently rented by Dr. Moore on Frisco avenue.

The house was decorated with oak leaves, frost-tinted to a golden brown, and with black cats and owls and other decorations in keeping with the Halloween season.

Many fun-provoking games were introduced by the entertainers and the older people entered into the spirit of the occasion with an enthusiasm that made the Bereans feel that their efforts to furnish amusement had not been in vain.

Sandwiches, pie and coffee were served as the repast.

That Miss Moore was so much indisposed as to be unable to attend was the expressed regret of the entire company, who were Mr. and Mrs. Trimble, Mr. and Mrs. Lockhart, Dr. Moore, Mesdames Roe, Andrews, Shepard, Erickson, Amber, Jones, Clayton, Miller, Ellison, Taylor, Ross, Misses Flora Cramrine, Fern Estes, Ruth Robinson, Helen Guiney, Hazel Coughran, Blanche Ezell, Shipley, Elsie Bass, Thelma Bass, Opal Reed, Cressa Amber, Edith Amber, Messrs. GERMANS SINK TWO
BRITISH DESTROYERS

Raiding Cruisers of Tonnage Attack Merchant Convoy and Send Down, in Addition to Two Warships, Nine Merchantmen.

Germany scored on the water in Saturday's news developments which recorded the breaking up of a merchant convoy in the North sea by raiding cruisers that sank two British destroyers and nine of the twelve convoyed ships.

The sea tragedy cost the British the lives of 135 of the officers and men on the destroyers, who were left to their fate by the German raiders in their haste to escape, as were the crews of the sinking merchantmen.

About 500 of the merchant sailors, however, are known to have reached the shores in boats or on British patrol craft. All but three of the trading ships were of Scandinavian nationality, most of them apparently being small vessels.

The character of the raiding warships is not exactly apparent.

The British admiralty describes them as very fast and heavily armed, while Berlin in its report refers to them as "light sea fighting forces."

They escaped the vigilance of the British guardships under cover of darkness, both on their outward and homeward trips.

The marriage of Fred Wolfe and Lydia Smith took place at the home of the bride's parents, Mr. and Mrs. Smith, at Cato, Sunday afternoon at 1 o'clock. Rev. Spain, a Baptist minister, read the ceremony in the presence of about twenty-five friends and relatives.

Mr. Wolfe attended high school in Monett, a number of years ago and is well acquainted here.

After the wedding ceremony a wedding dinner was served to the guests.

Among these will be cards of thanks and resolutions. Notices of social gatherings, when run in one issue will not be considered advertising. If run more than once a charge will be made. The Times has been more liberal along these lines than most newspapers, and our patrons will see the justice of this and will make no objection, we are sure, to our reasonable charges.

WHEAT GRADES HIGH
THIS YEAR

Rumors That New Government Standards Would Work Hardship Proven Without Foundation By Actual Facts.

Washington, D. C., Oct. 23.—A large part of this year's wheat crop has graded high at the markets—No. 3 or better—under the Federal wheat standards made effective this year. The United States Department of Agriculture calls attention to the exact figures because persistent false rumors have been circulated in the grain trade, and particularly among country shippers and producers, to the effect that, under the new Federal standards for wheat, very little of the marketed crop is being, or has been, placed in the higher grades. On the contrary, the requirements of the Federal standards for wheat are not such as to work hardship on the country shippers and producers, for under these standards high grades have been given to a heavy percentage of the wheat marketed.

The Department of Agriculture calls attention to these facts:

1. Of the Hard Red Spring wheat which arrived in Minneapolis during the months of August and September, 1914, 1915 and 1916, 76.7 per cent graded No. 3 or better under Minnesota state standards for wheat in effect at that time.

Of the Hard Red Spring wheat which arrived at Minneapolis during August and the first 22 days of September this year, 81.2 per cent graded No. 3 or better under the Federal standards.

In comparing the above facts, it should be borne in mind that whereas "No. 3 or better" under Minnesota state standards included the first four grades (No. 1 Hard and Nos. 1, 2, 3, Northern) only the first three grades of the Federal standards have been considered.

2. Of the Hard Red Winter wheat which arrived at Chicago during July and August this year, 79.3 per cent graded No. 3 or better under Federal standards; of the Soft Red Winter wheat which arrived at Chicago during the same period, 72.5 per cent graded No. 3 or better under the Federal standards.

Of the Hard Red Winter wheat which arrived at Kansas City during July and August this year, 89.9 per cent graded No. 3 or better under the Federal standards; of the Soft Red Winter wheat which arrived at Kansas City during the same period, 92.6 per cent graded No. 3 or better under the Federal standards.

BEATS WOULD-
BE PICKPOCKET

Passenger on Frisco Train Lands on Would-Be Robber and Saves Pocketbook Containing \$75.

J. W. Burress, of Webb City demonstrated to a would-be pickpocket and the passengers on a Frisco train arriving in Joplin at 10:50 o'clock Monday night that he would not submit to robbery without opposition.

Burress boarded the train at Monett. A man said to be known as "Blackie" seemed to take a "liking" to Burress after the two were on the train and he sat down beside him. Just before the train reached Oronogo Junction the passengers became interested in a little bout that was being staged in that particular part of the car occupied by Burress and his "admirer."

Burress had landed on his seatmate and was raining blows on him as he sat in the seat, endeavoring to protect himself from the punches. Burress is well advanced in years, but he demonstrated his ability to protect himself.

Conductor Campbell rushed to where the men were "at it" and inquired as to the cause of the trouble. Burress told him "Blackie" had slipped his hand into Burress' pocket and was removing a purse containing \$75, when he was detected.

The conductor then took part in the affair and he, too, displayed marked ability at using his fists.

"Blackie" was ejected from the train when it reached Oronogo and Burress continued on to Webb City with his wallet.—Joplin Globe.
